The University of Maryland School of Law, J.D., 2020

Loyola University, B.A., Political Science, 2017

Bar/Court Admissions

- Maryland
- District of Columbia

Activities/Honors

I help individuals and families in Maryland and Washington, D.C. plan confidently for the future with estate plans designed to protect their assets, their families, and their legacies.

With several years of legal experience and a background in family law, I have guided individuals and families through some of life's most personal and challenging transitions. I understand the importance of long-term planning and work with clients to create personalized wills, trusts, powers of attorney, and premarital agreements, among other tools, to help them secure their future. I also work closely with individuals to navigate the legal process after a loved one has died, helping them understand their responsibilities and expectations at each stage of the process.

My experience representing clients through divorce and child custody disputes strongly informs my approach to estate planning and administration. I take a compassionate, client-centered approach and prioritize clear communication, so clients can make informed decisions with confidence. Effective counsel is not only about legal precision but also about careful listening and thoughtful solutions tailored to each client's unique circumstances.
